

MUSIC TEACHERS

This is a list of potential music teachers in the Denver area. These are not endorsements and are listed in alphabetical order. You should ask teachers about their style of teaching and determine if it fits your personality (e.g. rigorous, playful, theoretical, nurturing). Some of these teachers and/or numbers may change with time. Please contact Justin Miera if you know of another teacher, or if the list should be modified. justin@justinmiera.com
